Welcome

The research consortium Labex OT-Med coordinates and funds research projects on global change and natural hazards in the Mediterranean region since 2012. It will evolve into a **Mediterranean Environmental Transition Institute (ITEM)** in 2020.

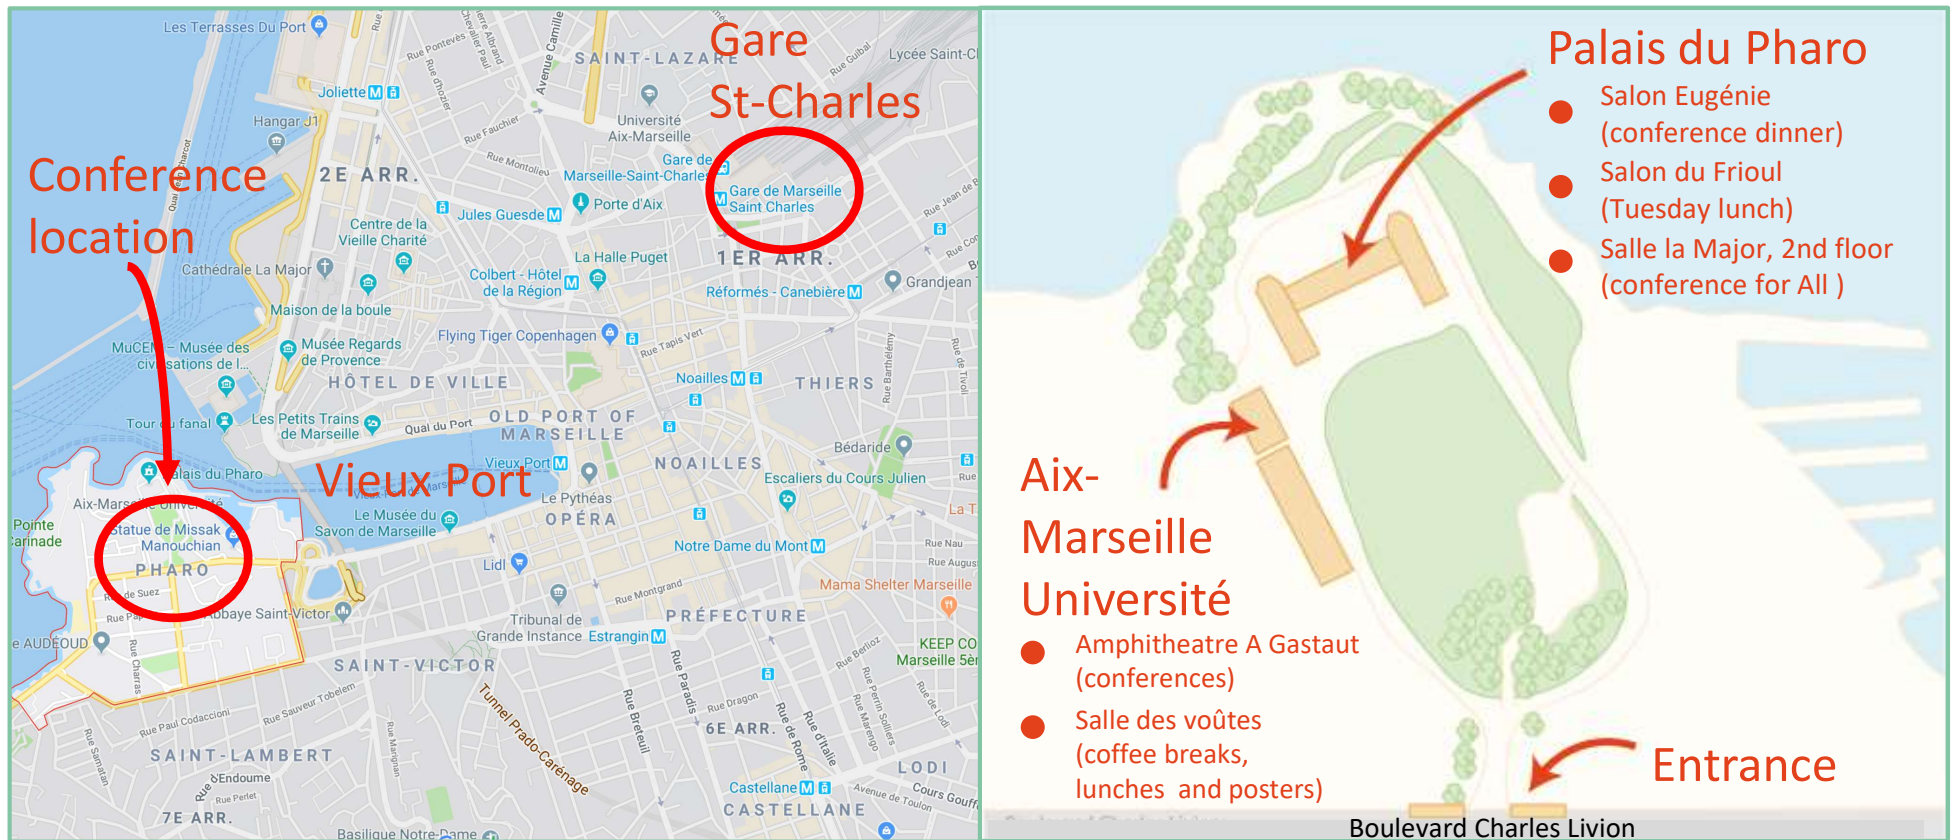

OT-Med is pleased to welcome you to this international conference, designed to share its research results and what is at stake for the future.

It will consist of:

- 2 days of **international scientific meetings** (in English, upon registration, 14 & 15 Oct)
- 1 evening of **conference for all audiences** (in French, free admission, 15 Oct)
- 1 morning of **interactive focus groups** (in French, upon invitation only, 16 Oct)
