PLACE TO CHANGE THE STORY

A low-angle photograph of the Eiffel Tower in Paris, France, showing its intricate iron lattice structure against a clear, light blue sky. The tower's legs are visible at the bottom, forming a wide arch. The text "#EarthToParis" is superimposed in the center of the image in a white, bold, sans-serif font.

Climate Action in Megacities 3.0

The International C40 Cities Leadership Group (CLG) is pleased to announce the launch of the new Climate Action in Megacities 3.0 report. The report provides a comprehensive overview of the latest climate action in megacities and is available at www.c40cities.org.

C40
CITIES

10,000
city climate
actions since
COP15 in
Copenhagen.

3Gt cities have
committed to
reduce their
CO2 emissions
by 3Gt by 2030.

70% of
citywide action
is financed
by cities
themselves.

45Gt cities have the
potential to avoid locking
in 45Gt of CO2 – 8x
the total current annual
emissions of the US.

1/3 urban policy decisions
could determine up to a
third of the remaining
global carbon budget
by 2020.

78% of all
actions currently
underway in cities
are planned for
expansion.

70% of C40
cities report that
they are already
experiencing the impacts
of climate change.

51% of climate
actions delivered at a
citywide scale - 260%
increase since 2011.

A large crowd of people is gathered in a city square, likely in Paris, for a climate protest. In the foreground, a person wearing a blue and red jacket and a striped beanie holds up a large white sign with the text "STATE OF CLIMATE EMERGENCY" written in colorful, hand-painted letters. The sign is held high above the crowd. In the background, there are several white vans and a large, ornate building with a dome, possibly the Arc de Triomphe. The sky is overcast and grey. Another sign is visible in the background on the left, which reads "LEAVE IT IN THE GROUND".
